1/25 SCALE MODEL KIT  
MODÈLE À L'ÉCHELLE 1/25

## IMPORTANT

Before you begin to assemble your model kit, study the instructions carefully. This will help you to familiarize yourself with the part locations as you proceed. Prior to cementing parts together, be sure to "TEST FIT" them in order to assure proper alignment and to check for excess "FLASH" that may occur along parting lines. Use a sharp hobby knife or file to remove flash if necessary. If you wish to paint your model, various subassemblies and components should be painted before any parts are attached. During assembly, you may note that the recommended color is stated after the part name. This model kit is molded from the finest high-impact styrene plastic. Use only paints and cements which are specifically formulated for styrene. Read all labels and warnings carefully. Because the cement will only adhere to bare plastic, it is necessary to remove any paint or "plating" from the area to which the cement is to be applied.

Examiner attentivement ces instructions avant de débuter l'assemblage. Ceci vous permettra de vous familiariser avec le positionnement des pièces avant de procéder à l'assemblage. Faites des essais et ajustements sans appliquer de colle pour assurer le bon alignement des pièces. Retirer les excès de bavures qui peuvent se produire le long des lignes de séparation. Les bavures peuvent être retirées avec l'aide d'un couteau de modéliste bien affuté ou avec une lime. Pour de meilleurs résultats, nous recommandons de peindre les différents sous-ensembles et composants avant de fixer les pièces ensemble. Vous noterez, durant l'assemblage, que les couleurs recommandées sont indiquées à côté du nom de la pièce. Ce modèle est fabriqué à l'aide du meilleur plastique styrène résistant aux chocs. Utiliser seulement de la peinture et de la colle à plastique styrène. Lire attentivement toutes les étiquettes et avertissements. Puisque la colle adhérera uniquement au plastique nu, gratter légèrement la peinture ou le placage aux endroits où les pièces doivent être assemblées.

## PAINT COLORS / COULEURS DE PEINTURE

A	Black / Noir
B	Flat Black / Noir Mat
C	Semi-Gloss Black / Noir Semi-Glacé
D	White / Blanc
